### GLIMPSE OF KANYAKUMARI

Kanyakumari-the Southern tip of India, surrounded by Majestic hills and the plains bordered by colourful sea-shores, fringed with coconut trees and paddy fields. Here and there are few elevated patches of red cliffs with undulating valleys and plains between the mountainous terrain and the sea-coast, so closely interwoven with Temples and Churches and other edifices. There are a large number of tourist centres in Kanyakumari district which includes beaches, mountain ranges, religious centres and historical monuments. The most important ones are Kanyakumari tri-sea beach, Gandhi Mandapam, Vivekanandha Rock, Maathur Aqueduct (Asia's longest and tallest through bridge), Padmanathapuram Palace, Thirparappu water falls, Chitharal Jain Temple, etc. World famous tourists spots are available in nearby Thiruvananthapuram, Kerala.

## NESAMONY MEMORIAL CHRISTIAN COLLEGE

Nesamony Memorial Christian College was founded in the year 1964 to provide quality higher education for the deprived and underprivileged sections of the society. It is one of the prestigious higher education institution affiliated to Manonmaniam Sundaranar University, Tirunelveli.

The college is one of the top co-educational institutions of Tamil Nadu, Re-accredited by NAAC with 'A' grade for the period of 2014-2019. The college offers 18UG, 13PG, 12 MPhil courses and eleven research programs with the student strength of 3650. With the dedication and vision of the management, principal and faculty members, this institution has grown with unique reputation in the state of Tamil Nadu. The college stand for providing opportunities to the students towards academic excellence, creativity, spiritual vitality, social relevance, discipline for holistic development.

## RESEARCH COMMITTEE

The Research Committee is the body focusing on the research activities of the college. The purpose of the Research Committee is to provide leadership in defining and developing the research culture, research infrastructure, research strategies and to facilitate research activities at this institution underpinned by appropriate and aligned policies.

The committee helps in adopting distinctive academic emphasis, enhancing the research quality, quantity and impact. The committee is associated with all UG, PG and research laboratories within our premises and also with renowned research institutions within and outside the country. The aim of the committee is to develop a centre of academic excellence which will provide both knowledge and skills to meet the challenges of today's technology.

## ABOUT WORKSHOP

The higher education gives real strength in the behavioural change of a person to build the nation. The higher education is a dynamic, continually evolving concept that keeps adapting to the most up-to-date changes. The methodology used in teaching and research is equally momentary in nature and demands up-to-date approaches as well. Educationists need to absorb the fundamental nature of the evolutionary character of higher education in academic curriculum, empowering students and scholars to create an updated learning process that is pragmatic, effective and methodically impactful. The watchful and deliberate efforts by policy-makers and academicians have put in place a set of practices within higher educational institutions that provide the most engaging opportunities for the students to acquire competencies and skills. This enables them to be fully equipped for the challenges now emerging in our global society. In this age of information surplus era, it is important for the higher educational institutions in general and teachers in particular to drop down and share information that has relevance in terms of budding specific employable skills. When the educators and organizational leaders in our country's higher education firmly and ardently dedicate themselves to implement certain guidelines for themselves and for the students in their realm of responsibility, the young students cultivated in an environment where they are proficient enough to develop holistic capabilities.

In view of above, it is necessary to improve the quality of education in terms of teaching, learning and evaluation methods based on the innovative approaches. This workshop mainly focuses to giving training on the innovative approaches used with current technology. The main focus of this workshop is to motivate the faculty to use the modern technological tools. We believe that the workshop will provide training in all the above said areas to enhance the quality of teaching learning process.

## TOPICS TO BE COVERED
