

## **United Board Faculty Scholarship Program 2022 – 2023 Program Guidelines**

### **Introduction**

The United Board Faculty Scholarship Program aims at helping colleges and universities in the United Board network by supporting junior faculty to pursue postgraduate degrees at master's or doctoral level. Over the last two decades, hundreds of young faculty scholars have benefited from the program. More information can be found at:

<https://unitedboard.org/programs/faculty-development/faculty-scholarship-program/>

Given the growing need for high quality teaching, the United Board has expanded the current scholarship program.

### **Study-Abroad Scholarship**

The United Board provides up to US\$12,000 of Study-Abroad Scholarship per scholar per year for full-time degree programs, taught in English, within the Asia-Pacific region but located outside of one's home country. The United Board reserves the right to adjust the scholarship amount if the scholar does online studies from his/her home country.

Scholarship applicants may seek admission at institutions within and beyond the United Board network, provided they are recognized by the national governments' regulating agencies. Scholarship applicants are expected to research thoroughly the potential host institution's academic programs to ensure that their chosen fields fulfill their needs and that of their home institutions.

### **Scholarship Coverage**

The annual scholarship is normally up to US\$12,000. It generally covers tuition, room and board, travel insurance and a modest monthly allowance. Many host universities share costs with the United Board to signify their partnership through full or partial tuition waiver. If the required annual budget prepared by the host institution exceeds the maximum scholarship grant from the United Board, the scholars would need to secure additional funding from themselves, their home institutions, or other sources. This cost-sharing signifies their partnership with the United Board.

Scholars may request one-time additional support of up to US\$800 for field research and/or up to US\$500 for conference attendance related to their doctoral dissertation. Scholars must make their request while applying for their scholarship renewal if and when the host institution or the conference organizer does not provide any coverage for these purposes. The request must be endorsed by the scholar's supervisor/advisor.

The United Board Faculty Scholarship Program does not support expenses for spouses or family members.

### **Length and Renewal of Scholarship**

The length of the scholarship is based on the actual length of the full-time academic program. The expected length is two years for master's studies and four years for doctoral studies.

Scholars with satisfactory progress in their programs may request scholarship renewal by submitting to the United Board complete scholarship renewal documents, including the latest transcript and their advisor's report on their academic progress.

### **Transfer of Scholarship Funds**

The United Board will transfer scholarship funds to the host universities. The United Board staff will work with the designated contact persons and responsible units of the host universities on this matter.

### **Attendance in Whole Person Education Training**

United Board Faculty Scholars are expected to attend a Whole Person Education (WPE) training in their home country or region some time during or after their studies. This is to ensure that in addition to their studies in their respective disciplines, they also get an orientation to whole person education. The WPE training is a professional development program for faculty members in the art and science of teaching, which also serves as a platform for networking across disciplines, institutions and countries.

## Eligibility

The Faculty Scholarship Program is open to candidates from all academic disciplines. Each eligible institution can recommend up to **three** candidates every year.

Applicants should:

- be currently employed as full-time lecturer of an eligible institution in the United Board network (please see the list on page 6-8);
- have a record of academic excellence, and show evidence of outstanding potential for professional advancement in teaching;
- have at least 15 years of service before retirement at their home institutions;
- be committed to a return service as required by their home institutions after completion of the degree;
- have at least 2-3 years of teaching experience and service at their home institutions; and
- be proficient in English (TOEFL/IELTS/GRE results may be required by some host institutions, and candidates must have their scores ready by the time of application).

## Application Procedure

Candidates should apply to the desired institutions at least six months before the admission deadline. Candidates who are unsure about the programs and host institutions may ask the United Board staff for guidance, as early as possible. The United Board may suggest some degree programs and/or host institutions to the candidates based on their academic interests and the needs of their home institutions.

The scholarship application to the United Board should be received by **October 31, 2021**. Shortlisted candidates will be invited for an online interview.

A copy of the admissions offer or acceptance letter should be submitted to the United Board no later than April 30, 2022. Only applicants with admission offer by a host university and with assured sufficient funding will be granted the scholarship.

### \*Important Notes

- i. Candidates planning to apply to universities in Hong Kong, Macau, Singapore, Australia or New Zealand should research on the list of faculty at their desired institutions and consult with them on their potential dissertation supervisors. Many academic programs would require a research proposal for review, so candidates should prepare for this in advance.
- ii. The application deadline for the Hong Kong PhD Fellowship Scheme (HKPFS) is on December 1, 2021. If you are interested in applying to the universities in Hong Kong, please submit your application to the university as well as the HKPFS before the deadline.
