

ALUMNI WEBINAR SERIES

A Workshop on Supporting Educators: Integrating AI into Teaching, Learning, and Leadership in Asian Higher Education

Session 4 of a 5-Part Series -

Reimagining Student Assessments in the AI Era

This webinar will explore how AI is reshaping assessment practices in higher education, including assessment design, feedback mechanisms, academic evaluation, and academic integrity.

About the Workshop Series

This 5-part series, running bimonthly from July 2025 to March 2026, equips United Board Alumni with practical tools, ethical insights, and strategic approaches to integrate AI in higher education—while upholding the values of whole person education and fostering responsible, future-ready leadership.

Mr. Leon Furze

Expert in AI Assessment

February 2, 2026

11:30 AM (IST) / 02:00 PM (HKT)

A Zoom link will be sent to your registered email address

Key Focus Areas of the Workshop:

- ✓ How AI can support automated feedback, formative assessments, and student learning analytics
- ✓ Designing AI-integrated assessment strategies aligned with intended learning outcomes
- ✓ Understanding the limitations and risks of AI in grading and testing
- ✓ Exploring practical approaches to detect and address AI-generated student submissions
